

Barcelona, date 2022

Position: Knowledge Transfer Officer

Place: [Institut de Ciències del Mar \(ICM\)](#), CSIC, Barcelona

Salary: 30.000€ - 40.000€ (depending on the candidate profile)

Institute of Marine Science – CSIC

The Institute of Marine Science (*Institut de Ciències del Mar*, ICM-CSIC) is the fourth largest research institute of the Spanish National Research Council (CSIC) and the largest dedicated to marine research. Under the motto “Ocean Science for a Healthy Planet,” the ICM conducts frontier research and foster both knowledge and technology transfer on topics related to ocean and climate interactions, conservation and sustainable use of marine life and ecosystems, and impact mitigation of natural and anthropogenic hazards. In-depth knowledge, determined action, and coordinated management are essential to confronting these global challenges, thereby driving sustainable development of humankind.

CSIC and all its research center were awarded with the "[HR Excellence in Research](#)" seal in 2021. This recognition reflects our commitment to continuously improving our human resources policies in line with the [European Charter for Researchers](#) and the [Code of Conduct for the Recruitment of Researchers](#). Recruitment at ICM is open, transparent and merit-based, and all applicants compete on the same terms.

Requirements:

- Academic background in experimental sciences (Bachelor preferred)
